Mathematics  
Engineering  
Science  
Achievement

*At South Georgia College*

MESA is a program located on the South Georgia College campus in Stubbs Hall, Room 125. All students are encouraged and welcome to talk with the director, Lisa Kostellic, in Room 129, about the program and qualifications to become a member.

Call 260-4349 or email [lisa.kostellic@sgc.edu](mailto:lisa.kostellic@sgc.edu).

## MESA Recruiting at High Schools

MAY 2008

Volume 1, Issue 2

South Georgia College MESA Director Lisa Kostellic and Administrative Assistant Nikki Sanks began recruiting efforts at the local high school and high schools in four of the surrounding counties. The recruiting began on April 23 and continued until May 9.

They visited a total of five high schools located in Atkinson, Bacon, Ben-Hill, Irwin, and Coffee counties to reach out to a total of 895 seniors. They talked with students about the program and showed them the benefits of joining MESA. The display was presented during lunch hours at the high schools to let the students see what they can gain from becoming a MESA member. Students who expressed interest in attending SGC and becoming a MESA member received MESA pens, notebook mates, magnets, and water bottles.

Ms. Kostellic also talked with seniors at Coffee County High School during Dr. Terry Barber's Environmental Science Classes for a more in-depth lecture about attending SGC and becoming a MESA member. MESA recruiting efforts will continue throughout the summer.

MESA Director Lisa Kostellic talked with Coffee County High School students May 9 to inform them of the benefits of attending SGC and joining MESA during their college years.

### MISSION STATEMENT

**MESA** enables educationally disadvantaged students to prepare for and graduate from a four-year college or university with a math-based degree in areas such as engineering, the sciences, computer science, and mathematics. Through **MESA**, students develop academic and leadership skills, increase educational performance, and gain confidence in their ability to compete professionally.

### Schedule of Events:
