### MESA Students Gear Up for Leadership Conference

February 2009

Volume 2, Issue 2

On February 5-7, 2009, South Georgia College MESA students joined MESA students from Darton College, Atlanta Metropolitan College, Georgia Perimeter College, Tallahassee Community College, and Chicago State University for a student leadership conference. The conference was held at the Westin Hotel at the Atlanta Airport.

The conference served over 100 students from the six schools. Students learned about networking, steps to achieving a 4.0 GPA, and team-building; they also had their resumes reviewed while conducting a mock interview.

Feedback for the conference was overwhelmingly positive, with students stating they had learned things they might not have otherwise known. The benefits of learning from industry insiders were evident in the discussions students had concerning the conference.

After the conference ended, SGC's MESA group visited the Georgia Aquarium before returning home.
