

## How to Log into GeorgiaView?

1. In SGC Home page, click on *Online Classes* on the left panel.
2. In the *Distance and Online Learning* page, click on *Log In TO Your Class* on the top panel.

3. Before logging in, perform a browser check and turn off the pop-up blocker. After logging in, click **Yes** to accept a Java Security Certificate.

**South Georgia College Log In**

Blackboard  
learning System  
Vista Enterprise License

**Log In**

User name:

Password:

To view a list of available courses or to create an account, visit the [Entry Page](#).

[Forgot your password?](#) Receive your user name and a new password via e-mail.

**Browser Check**

Before logging in, it is highly recommended that you perform a browser check to see if your computer is properly configured to use the Blackboard Learning System.

**Pop-up Blockers**

The Blackboard Learning System sometimes uses small browser windows to deliver requested content. Some pop-up blockers incorrectly interpret these small windows as pop-ups and block them. If you have installed a pop-up blocker, turn it off while using the Learning System.

**Java Security Certificate**

After logging in to the Blackboard Learning System, you will be prompted to accept a Java Security Certificate. You must click **Yes** or **Always** to ensure that Learning System functionality using Java will work properly in your browser.

4. Your username is the portion of the TigerMail prior to the @ sign (i.e., asmith@tigers.sgc.edu will be asmith) and your Banner PIN is your password. If you have trouble logging in, fill out the "trouble ticket form." The link of the form is in the middle of *Distance and Online Learning* page.
5. In the course list, click ECON 2105 for class materials. If you want to obtain a printable version of class materials, you can find them in my homepage: <http://faculty.sgc.edu/ychen>
